## WORK EXPERIENCE

### Web Developer Mayu Technologies

10/2024 - Present

Chandigarh, Punjab

#### Responsibilities/Role

- Contributed to the front-end development of Pearl Academy, UPES Academy, and Backlinks projects by building fully responsive web pages using Wix Velo and JavaScript, ensuring smooth performance across devices.
- Architected and implemented database-driven repeaters, custom collections, and dynamic dataset bindings to support real-time content updates.
- Integrated multiple third-party REST APIs enforced robust form-validation logic (both client- and server-side), reducing user input errors-handling for seamless data flow.
- Collaborated with UX/UI designers to iterate on mockups in Figma, ensuring consistency across breakpoints.

### React Developer Nextpage IT Solutions Pvt Ltd.

12/2022 - 06/2024

Chandigarh, Punjab

#### Responsibilities/Role

- Developed and maintained core modules for Currys Cares, U Code, and 360-Linked App in React.js and Next.js, implementing SSR where appropriate to improve initial load times.
- Implemented advanced performance optimizations: code-splitting, dynamic imports, lazy loading of images and components.
- Translated Figma designs into pixel-perfect, accessible components—steppers, data tables, paginations, modals, and custom hooks—for consistent UX across desktop and mobile.
- Set up and managed GitLab repositories, branch protection rules, and merge request pipelines.
